#### PLAINTIFFS' PROPOSED MOTION AND ORDER IN LIMINE

#### TO THE HONORABLE JUDGE OF THIS COURT:

**NOW COME** Plaintiffs OrchestrateHR, Inc. and Vivature, Inc., Movants herein, before commencement of the voir dire examination of the jury panel, and files their Proposed Motion and Order in Limine ("Motion"). In support thereof, Movants respectfully show the Court the following:

Movants seek to exclude matters that are irrelevant, prejudicial, or incompetent to the material issues in the cause. If any of the parties introduce these matters into the trial of this cause through a party, a witness, or an attorney, such introduction will cause irreparable harm to Movants' case, which would not be cured by any jury instruction.

Movants request the Court to instruct the attorneys for the parties that violation of any of these instructions may cause harm to Movants and deprive Movants of a fair and impartial trial, and the failure to abide by such instructions may constitute contempt of Court.

Should any of these matters be brought to the attention of the jury, either directly or indirectly, Movants may be compelled to move for a mistrial. In an effort to avoid prejudice and a possible mistrial, Movants urge this Motion in Limine.

Movants request the Court to enter an order prohibiting the parties, or their counsel, from offering any of the evidence listed below, without first asking for a ruling from the Court, out of the hearing of the jury, on the admissibility of evidence.

After consideration of the same, the Court orders the parties, the parties' attorneys, and all witnesses called on behalf of the parties to refrain from any mention or interrogation, directly or indirectly, including offering documentary evidence, about any of the following matters without first requesting and obtaining a ruling from the court outside the presence and hearing of all prospective jurors and jurors ultimately selected in this case.
